Acer Value Line

Display Inspiration

The Acer Value Line is a dedicated range of high quality LCD displays offering superior performance at an excellent value. The Acer Value Line range of displays demonstrates the progress that Acer is making in refining LCD technology that satisfies the ergonomic, work and entertainment requirements of office and home environments. Acer Value Line LCD displays provide a dependable and economical way of enhancing your viewing experience, making hard work a lot easier on the eyes and on your budget.

Picture Perfect

The slim and robust Acer Value Line includes, 15", 17", 19", 20" 22", 24" and 26" models that feature dynamic response rates and high contrast ratios for picture perfect video playback, super-sharp images for data-intensive applications and breathtaking digital gaming. Built to handle the most demanding graphics and featuring low power consumption and emissions, the exceptionally bright Acer Value Line models are ideal for office and home use.

Slim Format with Big Performance

The Acer Value Line features a 1cm super slim bezel that not only optimizes the viewing area but also frees up useful desk space. The Acer Value Line displays are also certified and compliant to the industry's most stringent ergonomic and technical standards. Combining all of the ergonomic and technical benefits of LCD technology, the Acer Value Line is an unbeatable way of enhancing comfort and increasing work productivity.
